

## NEWS FROM THE GIRARDS IN ARREZO, ITALY

March 2022

*John 16:33 "I have said these things to you, that in me you may have peace. In the world you will have tribulation. But take heart; I have overcome the world."* Let's not let ourselves become distracted or discouraged in this time, Jesus is calling. He is calling you too.

Just a quick greeting before I (Leia) head to the United States on Sunday with Olivia. I wanted to send out a video series I am doing with Dr. Carol Brown ([www.equippingminds.com](http://www.equippingminds.com)) and Rujon Morrison ([www.healingforthenations.org](http://www.healingforthenations.org)). This is the first session. Our discussion is about how to restore your working memory and executive function after Covid, which is affecting memory. Dr. Carol brings some examples of ways you can bring back your memory. Rujon Morrison is a therapist and discusses some very deep spiritual and emotional issues that have been triggered during the pandemic. If you are suffering with any type of confusion, depression, anxiety, overwhelm, or even just feeling moody, a bit lost, or unmotivated – what Rujon says and the exercises she gives can help you tremendously. This video is only 35 minutes long but the tools given can help renew your mind and restore your heart. I hope you are blessed watching it.

Last, but not least. I will update you on how the ministry is going IN PERSON while in the United States. I would also like to share that I will be bringing a beautiful selection of .925 argento (silver) chains and necklaces of 100% Tuscan workmanship. I'm bringing a variety of beautiful styles and they come in white, rose, and yellow. Please have a look below at the photos, you can reach out to me if you'd like to buy one or more. 100% of the profit will go to our farm in Nigeria to get Frank and his family a gas kitchen stove, a table and chairs, as they move into their farm/farmhouse. A local broker cut us a huge deal, so it'll cost you less than at a jewelry shop. It's a great investment for the kingdom of God and for you! All the chains and necklaces range between \$15 and \$75. Here are some pictures, so please contact me if you want to buy some, they really are stunning pieces. Some of the pendants on the necklaces have a significance so just let us know which one you like. The pendants are all .925 argento and Swarovski crystals and are either 18 or 20 inches.
